Reference is made to the Company's announcements dated 23 March 2016, 6 April 2016, 30 May 2016, 21 September 2016, 24 April 2017 and 20 October 2017.

As disclosed in the aforesaid announcements, on 23 March 2016, Stand Ascent, a company wholly-owned by Progressive Merit which is in turn wholly-owned by the Company, entered into the DSE Acquisition Agreement with Mr. Xu, Mr. Muhamad and DSE Company, pursuant to which Stand Ascent agreed to acquire 49% equity interest in DSE Company from Mr. Xu at the consideration of approximately US\$7.3 million. As certain conditions precedent under the DSE Acquisition Agreement were not fulfilled over time, the parties thereunder agreed to terminate the DSE Acquisition Agreement and entered into the Termination Deed and the Novation Deed on 20 October 2017.

Pursuant to the Termination Deed, Mr. Xu and Mr. Muhamad unconditionally and irrevocably agreed, on a joint and several basis, (i) to refund the DSE Deposit to Stand Ascent together with a deposit interest (the "**DSE Deposit Interest**") at 10% per annum on the DSE Deposit since 23 March 2016 up to the full repayment date of the DSE Deposit in three tranche of US\$0.62 million, US\$0.60 million and US\$1.70 million by 31 January 2018, 31 March 2018 and 30 June 2018, respectively; and (ii) to guarantee DSE Company shall repay to Stand Ascent or its designated party its indebtedness (the "**DSE Indebtedness**") of approximately US\$1.51 million owed to Stand Ascent and its associated companies as of the date of this announcement. On the other hand, Stand Ascent has not returned the 28,420 Class A Shares to Mr. Xu and remains as the registered owner of such Class A Shares.

As at the date of this announcement, DSE Company is owned as to 49%, 41%, 7% and 3% by Stand Ascent, Mr. Muhamad, Mr. Kok and Mr. Joifadi, respectively.

REASONS FOR AND BENEFITS OF ENTERING INTO THE DISPOSAL AGREEMENT AND THE COOPERATION AGREEMENT

The Company terminated the acquisition of DSE Company and SPM Company through entering the Disposal Agreement since, among others, conditions precedent for such acquisition had long been not fulfilled. Due to the anticipated capital involvement, the Company considers it would be the best interest to recover the outstanding balances by entering into the Disposal Agreement.

Indonesia has an energy mix which is dominated by fossil fuels, and its government has planned for various new sources renewable energy (mainly geothermal and hydro). Despite the long procession of time involved, the Group considered the hydro development investment may anticipate higher return compared to that in the mainland China.

As such, the Directors (including independent non-executive Directors) consider that the transaction contemplated under the Disposal Agreement can eventually resolve the previous long-unresolved matters in the hydropower plants of DSM Company and SPM Company. On the other hand, the Group can reduce its exposure and leverage its commitment to the joint venture under the Cooperation Agreement and enables to ride on the increased demand in Indonesian energy sector.

In light of the aforesaid, the Directors believe that the terms of each of the Disposal Agreement and the Cooperation Agreement and the respective transactions contemplated thereunder are on normal commercial terms, fair and reasonable and in the interests of the Company and the Shareholders as a whole.
