## REASON FOR THE PLACING AND USE OF PROCEEDS

The Company is an investment holding company. The principal activities of its subsidiaries comprise construction works and environmental protection.

As set out in the Company's announcement dated 29 June 2020, the unaudited net current liabilities of the Group were approximately HK\$262 million as at 31 March 2020. Taking into account the enforcement of pledged shares of Vimab in April 2020 as detailed in the Company's announcements dated 29 April 2020, 26 May 2020 and 27 July 2020, the Group's net current liabilities would be reduced by approximately HK\$72 million, in terms of a decrease in current assets and current liabilities of approximately HK\$75 million and HK\$147 million respectively attributable to Vimab as of 31 March 2020.

Taking into the existing financial position and performance and future obligations of the Group, the Directors have been considering various ways of raising additional funds, among others, the placing and subscription of new Shares in June and July 2020, respectively, to strengthen the Group's financial position.

Assuming the Bonds are placed in full, the maximum aggregate gross proceeds from the Placing will be HK\$200,000,000. The Company intends to use the net proceeds from the Placing as (1) general working capital; and (2) financial resources for repayment of its existing borrowings from time to time.

In view of the above, the Directors are of the view that the Placing provides a good opportunity to strengthen the Company's financial position and the terms of the Agreement are on normal commercial terms and are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

**Completion of the Placing and issue of Bonds is subject to, among others, the Placing Agent's right of termination under the Placing Agreement and the actual results of the placing of Bonds. Accordingly, the Placing and issue of Bonds may or may not proceed. Shareholders and potential investors should exercise caution when dealing in the Shares.**
